

Memorandum

Date: May 8, 2007

To: Honorable Chairman Bruno A. Barreiro and Members,
Board of County Commissioners

Agenda Item No. 8(D)(1)(C)

From: George M. Burgess
County Manager

Subject: Resolution Ratifying the Execution of an Amendment to an Existing Agreement Between Miami-Dade County and The Nature Conservancy for Continued Provision of Land Acquisition and Other Services for the Environmentally Endangered Lands Program

Recommendation

It is recommended that the Board ratify the execution of the attached amendment to an existing agreement between Miami-Dade County and The Nature Conservancy Charitable Trust, a non-profit organization, for continued provision of land acquisition and other services to the Environmentally Endangered Lands (EEL) Program. The Board approved the existing agreement on March 8, 2001, via Resolution No. R-189-01, which expires on April 19, 2007. The amendment extends the existing agreement for two additional years. It was necessary to execute this agreement prior to formal Board approval in order to execute the agreement before the April 19, 2007, expiration of the existing agreement.

Scope

This agreement provides services for the EEL Program, which is countywide in nature.

Fiscal Impact/Funding Source

The maximum annual cost of this agreement is \$254,076 for the first year and \$261,698 for the second year, a three (3) percent increase. The total two-year maximum cost of is \$515,774. The agreement can be cancelled by the County with 60 days written notice. Funding for this agreement will be provided from the EEL Acquisition Trust Fund.

Track Record/Monitor

TNC has successfully negotiated the purchase of over 16,000 acres of wetlands within EEL project areas for acquisition by the County (10,000 acres) and the South Florida Water Management District (6,000 acres). Approximately 2,000 additional acres have been acquired with assistance from the State of Florida and other agencies. They have an excellent track record in negotiating option agreements, resolving problems that are identified during negotiations, and preparing the option contracts for EEL purchases. In addition, the organization's experience statewide, its expertise in government land acquisition under State law, and working knowledge of the State land conservation and grant programs have benefited Miami-Dade County. The Director of DERM will monitor this contract.

Background

Since 2001, the Nature Conservancy (TNC) has been an integral part of the land acquisition activities for the EEL Program. The TNC essentially acts as a land acquisition agent on behalf of the County in acquiring conservation lands from willing sellers. The County has a continuing need for TNC's services, which include negotiating land purchases and the preparation of the real estate option agreements by TNC's legal office. As evident in the increased appearance of EEL purchases on Board agendas over the past year, changing market conditions and updated appraisals have resulted in an increase in successful negotiations with willing sellers. The number of signed agreements negotiated by TNC for Board approval in 2006 more than doubled from the previous year. By way of information, TNC's percentage cost of all parcels they have coordinated including closed and pending transactions is 3.7 percent. TNC has been an important part of the EEL Program and it is therefore recommended that the Board ratify execution of this amendment to allow the continuance of our relationship with TNC for an additional two years.

**AMENDMENT I
MIAMI-DADE COUNTY
ENVIRONMENTALLY ENDANGERED LANDS PROGRAM
AGREEMENT FOR PROFESSIONAL SERVICES**

THIS AMENDMENT is made and entered into this 20th day of April, 2007, by and between Miami-Dade County, a political subdivision of the State of Florida ("County") and The Nature Conservancy, a District of Columbia nonprofit corporation, authorized to transact business in the State of Florida as The Nature Conservancy, Inc., as Trustee of The Nature Conservancy Charitable Trust dated May 11, 1998, as amended, exempt from Federal taxation under Section 501(c)(3) of the Internal Revenue Code ("Conservancy").

WHEREAS, County and Conservancy entered into that certain Dade County Environmentally Endangered Lands Program Agreement for Professional Services dated April 20, 2001, (the "Agreement"), which provided for the Conservancy to perform certain services in connection with the County's Environmentally Endangered Lands Program; and

WHEREAS, the term of the Agreement expires April 19, 2007;

WHEREAS, the County and Conservancy desire to extend the term of the Agreement and to amend the cost schedule; and

NOW THEREFORE, for and in consideration of the mutual covenants and promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged the County and Conservancy hereby agree as follows.

1. The Agreement shall continue to be in full force and effect for an additional period of two (2) years from its current expiration date or sixty (60) days after receipt by the Conservancy of written notice of termination from the County, whichever shall first occur (the "Extension Term").
2. Section 3.01 is hereby amended to provide that County shall pay the Conservancy for its direct and indirect costs incurred in performing the work hereunder (the "Contract Fee") an amount not to exceed \$254,076.00 (the "Maximum Fee") for the first year of the Extension Term, which sum shall be paid on a cost reimbursable basis in accordance with the Fee Schedule attached as Exhibit "A" and incorporated herein by reference. The Maximum Fee for the second year of the Extension Term shall be increased by an amount equal to three percent (3%) of the previous year's Maximum Fee.

3. In addition to the Contract Fee, the County shall reimburse the Conservancy for option agreement fees and/or earnest money deposits (the "Option Fees") that the Conservancy has paid to landowners in the process of assisting the County in acquiring the property during the term of this Agreement.
4. This Agreement may be amended by mutual written agreement of both parties.

ALL ELSE REMAINS THE SAME

IN WITNESS WHEREOF, the parties have set their hand and affixed their seals this 27th day of February, 2007.

Subject: Resolution Ratifying an Amendment to an Existing Agreement Between Miami-Dade County and The Nature Conservancy for Continued Provision of Land Acquisition and Other Services for the Environmentally Endangered Lands Program

The attached Amendment 1 to an existing Agreement with The Nature Conservancy (TNC) is being submitted for your execution and subsequent ratification by the Board. TNC has been providing land acquisition and other related services to the EEL Program since 2001. Our existing agreement is set to expire on April 19, 2007. It was originally planned to have this item ready for the February GOE meeting with subsequent approval by the Board in March, thereby leaving sufficient time to extend the agreement prior to the expiration date. However, there were delays in the drafting of the amendment and obtaining legal sufficiency from both parties involved, and we were not able to have this item ready by the February GOE deadlines. Therefore, we are requesting that this item be executed prior to formal Board approval and submitted to the Board as a ratification item for the March GOE meeting.

The amendment extends the existing agreement for two additional years. The expected annual cost of this agreement for the first year is \$254,076, and, for the second year, increases by three (3) percent to \$261,698, for a total two-year cost of \$515,774. Funding for this agreement has been, and will continue to be, provided from the EEL Acquisition Trust Fund.

The TNC essentially acts as a land acquisition agent on behalf of the County in acquiring conservation lands from willing sellers. The County has a continuing need for TNC's services, which include negotiating land purchases and the preparation of the real estate option agreements by TNC's legal office. As evident in the increased appearance of EEL purchases on Board agendas over the past year, changing market conditions and updated appraisals have resulted in an increase in successful negotiations with willing sellers. The number of signed agreements negotiated by TNC for Board approval in 2006 more than doubled. The TNC has been an important part of the efficient management of the EEL Program and execution of this amendment will allow for the continuance of our relationship with TNC for an additional two years.
